

"Communication was excellent throughout the installation process and the onsite engineers were some of the best we have ever had in school."

"I can honestly say that helpfulness and response times are better than those of any other supplier I have worked with in my career."

"I've only had to contact Galtec support on one occasion and that was about an upgrade issue with the vendor."

"I have been very impressed with the customer service we have received. If there have been any issues they have been sorted very quickly and efficiently with little disruption."

"I have worked with a number of IT providers and Galtec are by far the best in every respect. I have no hesitation in recommending them."
